cere, manly and honorable men we ever knew, He made friends rapidly wherever he went, and always retained them by his affable and admirable disposition and qualities. He was a member of the Presbyterian Church, and his habits and life were always up to the profession he made. He was generous, kind and affectionate-in fact, as pure a man as could be found. The greater portion of his life was spent in our midst, and it is therefore particularly sad to our people that doubt, in which we do not share.

On Monday afternoon the remains of the deceased were placed to rest in the Preabyterian cometery at this place after appropriate funeral services, conducted by Rev. D. E. Frierson, in the presence of a very large assemblage of relatives and friends. The stores were all elosed, and the town bell tolled in respect to his memory. The bereaved family have the sincerest sympathy of our people in their affliction.

The Greenbackers and Republicans of Greenville County have combined and placed a County ticket in the field for November, consisting partly of Greenbackers and paitly of Republicans, as bilows: For Senate, T. H. Cooke, Indesendent; For Representatives, W. B. Johnson, Republican, James Perry, trembacker, T. T. Westmoreland, treenbacker, J. B. Hyde, Republican; or Clerk of Court, James P. Moseley, breenbacker; For Judge of Probate David R. Speer Republican; For Sheriff, f. P. Serugge, Independent; For School containsance, Wm. M. Lenderman, reenheaver; For Coroner, D. Sparks, freenheaver. The Republicans nomi-tated their portion of the ticket in open pavention, but the Independents and frombackers have sprung up without or sponsors for themselves. They are ser own nominees. The people of resuville will do well to bury the whole skot so deep that no man on is will ever Annochat and of all mod citizens,

TOWN DEMOCRATIC MEETING.

The Anderson Democratic Club will be ddressed in the Court House on Friday night, at 80'clock, by Judge T. J. Mackey. The ladies are capocially invited as well obio elections, although we have made as the general public. We hope there will be a full attendance, and can assure Press dispatches, in the Greenville News those who are present that they will be abundantly entertained.

REPUBLICAN MEETING.

The Republicans are to have a meeting at Arderson C. H. on Thursday, the 28th instant, at which Gen. J. C. Stolbrand, the Republican nominee for Congress in this District, will deliver an address There will also be other Republican speakers, and a hearing of Democratic speakers in reply has been arranged. We hope as many white and colored people will be present as possible that the truth may be heard by all.

GRAND DEMOCRATIC GATHERING.

There will be a grand and final rally of the Democracy of Anderson, Abbeville, Laurens and Greenville Counties, at Honea Path, on Saturday, the 30th inst. Gov. Hampton, Attorney General You-mans, Col. Cothran and Mr. J. S. Murray have been appointed to address the meeting, and our people can rely upon having them pre that that time. Gov. Hampton has promised to come, and nothing short of Providential reasons will prevent. The ladies are especially invited to attend the meeting, and the citizens generally are requested to go to it from as long a distance as possible in each of the Counties. It is the only meeting in th up-country at which Gov. Hampton

COLORED DEMOCRATS DEFENDED.

A shooting scrape occurred on the southern outskirts of the city of Greenville on last Saturday night about 8 o'clock, in which Eli Moore, colored, was shot through the arm, and Alfred King, colored, through both hands, the right leg and in the left breast below the region of the heart. The shooting was done by white men in defense of several colored Democrats who had accompanied them

OAKLY PARK, Sept. 25, 1880.

To the Editor of the Charleston Mercury:

I returned on yesterday from the White Sulphur Springs of West Virginia.

A friend has just shown me a copy of your paper in which is my nomination as an Independent candidate for the office of Governor of this State. My position in regard to the mode and manner of the nomination of the present Democratic State ticket is a matter of record also my determination not to run as an Independent Democrat under any circumstances. I therefore respectfully decline the nomination. I am the same Straightout Democrat I have always been, and each day confirms me more and more in the correctness of my position.

Your obedient servant,

M. W. GARY.

Judge Cooke is an accomplished political dodger. We have known him in the Legislature speak on one side of a question and record his vote upon the opposite side. The speech was intended for the Legislature and the vote for the people at home. It is no wonder that he is now running for two offices at one time. The people of Greenville will do well not to be misrepresented by him any longer,

Hon. D. Y. Wyatt Aiken will address the citizens of Anderson County at the Fair Grounds on next Thursday upon current topics. Every citizen who can do so should attend the Fair on that day to hear the speech.

THE ELECTIONS ON TUESDAY.

Up to the hour of going to press we have been unabled to obtain by telegraph any news concerning the Indiana and Press dispatches, in the Greenville News of yesterday, stated that the returns up to midnight Tuesday indicated consider able Republican gains in many sections of both States. Both parties, however, claim the victory in Indiana, while it is generally conceded that the Republicans had carried Ohio.

A very large vote was polled in both States, and it may yet turn out more favorable to the Democracy than things now indicate. The election in West Virginia, which

was held on the same day, went Demo-cratic by a very large majority.

The election of State officers in Georgia on last Wednesday resulted in the triumphant re-election of Gov. Colquitt and the entire Democratic ticket. Gov Colquitt's majority is over sixty thousand, and two thirds of the Legislature elected favor the re-election of Ex-Gov. Joseph E. Brown to the United States Senate, so that the voters of Georgia have shown themselves to be an eminently sensible and conservative people. By the way, it looks as though there was some cause for the estimate placed by the Macon boy on Gov. Brown's ability to carry out his purposes. At the time the comments on Gov. Brown were flercest two boys in Macon who we will, for convenience, designate as No. 1 and No. 2. met on the streets of that city and began discussing the situation by No. 1 asking No 2 if he believed that Gov. Brown would ever get to heaven. No. 2 replied by saying that he did not know, but asked No. 1 if the Ex-Governor had ever said he was going there. No. 1 in turn expressed ignorance upon this point, and asked No. 2 why he had asked that question, to which No. 2 replied, because if he has ever said he is going there he will do it, for he never failed to do whatever

County as a Greenbacker. The sensible people of the State may perhaps conclude to let some person who only runs for one office at a time have these respective positions, and not take the Judge from his practice.

The case against Mr. A. A. Clisby in Edgefield County, or the killing of Dr. Bland, has been continued until the March term, in consequence of the absence of a material witness for the State. The indict ment against Mr. A. A. Glover, as accessory to the killing, was quashed on motion of the solicitor.

The Rev. Dr. Fulton, of Brooklyn, intersperses his sermons with the bitteres of political harangues, and recently adiressing a meeting in his house of worship, the Brooklyn Tabernacle, said :

"We ought to say to the men of the South, 'This is your last chance. If you continue to misule we will wipe out the States of the South. We will put you under Territorial Government, and wherever the flag of this Union waves it shall wave for freedom and equal justice." [Applause. I suppose that will be reported to-morrow if nothing clse I say Is. I hope it will be. I hope it will go to the very ears of the Southern people. And I think that a Solid South means a weak-kneed North. Four years from now won't do. I have a dear friend and a Democrat on this platform to-night, and I tell him that if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for the blood of his first born, if he cares for

PITTSBURG, October 10.

A frightful collision occurred last night on the Pennsylvania Railroad, near the Twenty-eighth street crossing, by which nine people were killed outright. Eleven more have died since, making in all twenty deaths, while as many more are dangerously hurt and, physicians say, cannot recover. In addition to these there are a large number who are slightly injured.

say, cannot recover. In addition to these there are a large number who are slightly injured.

The first section of an accommodation train going East left the Union Depot at 11.51 p. m., having a large number of passengers who had come to the city to participate in the closing exercises of the Exposition and to witness the demonstration. The back platform was so crowded that the rear light could not be seen by the engineer of the section following. The first section stopped at the regular station at 28th street, where they were delayed on account of another train which was on the next block. The second section came along at a good speed, but, owing to the crowd on the back platform of the first section the signal lights were hidden from view, consequently the engineer of the second did not see the train ahead of him until he was so near it that his train could not be checked in time to prevent a collision, and the engine went crashing into the rear coach of the first section packed with human beings. The engine buried itself to the very cab windows among the screaming, suffering men, women and children, mangling all who were in its course. The boilerhead of the colliding engine was burst off by the shock, and scalding water and steam poured over the occupante of the cab as if bent on completing the terrible work that had gone before. It is impossible to describe the fearful scene that followed. The means of the dying and wounded and the shrieks of those who he lost their friends were frightful. Word was immediately telegraphed to the mayor's office for assistance, and twenty-five policemen, with a full corps of physicians and wagons, were dispatched at once to the scene of the disaster, where they were soon busily employed in alleviating the sufferings of the victims and clearing away the wreck. The wounded who were unable to care for themselves were carried to the Soldiers' Hospital, but a short distance from the place of the accident.

New York, October 8.—Hon. J. G. Thompson—It would delight me to meet the Democrats of Chio at Columbur on Saturday evening, but I could not address them. I, therefore, speak to them by telegraph as I must at present. It was my opinion in 1876 that if all the Ohio Democracy had known and believed in the strength of their cause Ohio would have been carried for the Democratic ticket. The error should not now be repeated. If every man will measure his own effort and sacrifice in the pending canvass by an extraordinary standard, the Ohio Democracy will give victory in advance of the National contest.

Lynch Law in Virginia.

RICHMOND, VA., October 8.

An account has reached here of an outrage perpetrated a few nights since on a woman named Mrs. Massie, or her daughter, living in Nelson County, by two white men, Geo. Lowry and his brother-in-law, David Thomas, the latter of whom is said to have robbed the house while Lowry committed the inhuman act. The parties are reported to have been arrested, tried before a justice and committed to jail, but the officer having them in custody was over-powered by an armed body of citizens, who executed summary justice by hanging both culprits to a tree near Massie's mill in Nelson County.

Heavy Ragistration.

The registration books were opened in New York Tuesday, and 72,570 voters were registered, which is 16,000 in ex-cess of the first day's registration in 1876. The World thinks this large registration The World thinks this large registration indicates a vote of 200,000, and a Democratic mejority of 65,000 in the city, whilst the Times says "it is uscless to disguise the fact that so large a registration will be generally accepted as favorable to Democratic success." The Times expects a registration of over 200,000 and a total vote of not less than 160,000.

— The Democratic vote in the North in 1876 was 2,671,430. The Democratic vote in the South at the same election was 1,014,160. Yet the Republicar organs tell us that the Democratic party finds its only voters in the Southern States and in New York city. The Republicar organs lie in the face of mathematical facts.
